

September 2021

The Interstate 10 Broadway Curve Improvement Project is underway! Since spring, the Broadway Curve Constructors (BCC) have been working on pre-construction activities such as [geotechnical investigation](#), work-zone set up, surveying, pavement removal and coordinating utility relocations. On I-10 between Loop 202 (Santan/South Mountain Freeway) and Interstate 17, the top layer of rubberized asphalt was removed from the roadway surface. Between July 23 and Aug. 30, a section of I-10 was closed every weekend for [pavement-removal](#) and work-zone setup. The closures and pavement removal were necessary for the BCC to establish work zones and prepare the highway for shifting travel lanes during construction. A closure of US 60 (Superstition Freeway) between I-10 and Loop 101 (Price Freeway) is being planned for the first weekend in October. ADOT will provide more information when the details are confirmed.

For a project of this size and scope, dozens of work zones and travel lane shifts will be necessary. Applying and removing temporary lane striping each time would create significant wear and tear on the pavement surfaces. Also, when the rubberized asphalt is removed, workers will inspect the concrete pavement and repair areas that are cracking or beginning to break before final road-surface treatments are applied.

In addition to pre-construction activities and pavement removal work, the project team hosted a virtual public meeting on Wednesday, Aug. 4, 2021. Thank you to everyone who participated online and through the Tele-Town Hall. Participants learned about the project design, construction activities and the project schedule. If

you were unable to attend, the meeting presentation and recording are available at i10BroadwayCurve.com.

Throughout this three-year project, our goal is to minimize construction impacts as much as possible and provide timely and accurate information so you can plan ahead. Learn more about the project and engage with the project team as follows:

- **Bilingual Project Information Line:** 602.501.5505
- **Project Website:** i10broadwaycurve.com
- **Visit or Write:** 3157 E. Elwood St., Suite 100, Phoenix 85034. The Community Office is open during regular business hours, 8 a.m. to 5 p.m., Monday – Friday (except for holidays).
- **Email:** Info@i10BroadwayCurve.com

We appreciate your patience as construction gets underway!
