

Westbound I-10 closure set for this weekend (July 8-11) between US 60 and 32nd Street

Crews continue bridge work for the Broadway Curve Improvement Project

PHOENIX – The Arizona Department of Transportation advises motorists to plan ahead and allow extra travel time this weekend while westbound Interstate 10 is closed between US 60 and 32nd Street. Crews with the [I-10 Broadway Curve Improvement Project](#) are continuing bridge work. The closure is scheduled from 10 p.m., Friday, July 8, to 4 a.m. Monday, July 11.

This is another in a series of weekend freeway closures planned this summer as the project continues to progress.

The following ramps also will be closed while westbound I-10 is closed:

- The westbound US 60 and the southbound State Route 143 ramps to westbound I-10.
- The westbound I-10 on-ramps between Elliot Road to 40th Street.
- The westbound US 60 on-ramps at McClintock Drive, Rural Road and Mill Avenue.

Detours: Use eastbound Loop 202 (Santan Freeway) or eastbound US 60 to northbound Loop 101 (Price Freeway) to westbound Loop 202 (Red Mountain Freeway) to access westbound I-10 beyond the closure. Drivers heading to the West Valley can bypass the work zone by using Loop 202 (South Mountain Freeway) west and north to connect with I-10 at 59th Avenue.

Motorists traveling to Phoenix Sky Harbor International Airport should allow extra travel time and use the Sky Harbor Boulevard entrance from Loop 202 (Red Mountain Freeway).

###

The I-10 Broadway Curve Improvement Project is identified in the Maricopa Association of Governments' Regional Transportation Plan, funded by a half-cent sales tax approved by Maricopa County voters in 2004 through Proposition 400. MAG identified the need for this project to reduce travel times on I-10 during peak hours; improve airport access; support ridesharing and transit; and prepare the region for future growth projections.
