Northbound SR 143 to Close Between I-10 and Loop 202 (Red Mountain Freeway) (Jan. 10-13)
Motorists are advised to plan ahead and expect detours

PHOENIX – The Arizona Department of Transportation is advising motorists to expect delays and plan ahead as northbound SR 143 will close between I-10 and Loop 202 (Red Mountain Freeway) from 10 p.m. Friday, Jan. 10, to 4 a.m. Monday, Jan. 13, for a traffic shift. At the same time, the I-10 ramps to northbound SR 143 will be closed.

 In addition, the following will be closed from 8 p.m. Friday, Jan. 10, to 4 a.m. Monday, Jan. 13.

- The northbound SR 143 on ramp at University Drive.
- Northbound 48th Street between Broadway Road and I-10.

Westbound I-10 to northbound SR 143 detour: Use westbound I-10 to eastbound Loop 202 (Red Mountain Freeway) to access southbound SR 143.

Motorists traveling on southbound I-17, westbound I-10 and westbound US 60 who are heading to Phoenix Sky Harbor International Airport should use westbound I-10 to access the airport entrances at 24th Street or Buckeye Road, or use the Sky Harbor Boulevard entrance from the Loop 202 (Red Mountain Freeway).

***Please note:** **The Arizona Department of The Arizona Department of Transportation advises drivers to use designated detours when there are closures on state highways.** Schedules can quickly change because of weather and other unforeseen situations. For the most up-to-date information, we encourage you to download the Interstate 10 Broadway Curve Improvement Project's free mobile app, TheCurve or visit the Alerts section of the project website before you travel.*

The I-10 Broadway Curve Improvement Project is identified in the Maricopa Association of Governments' Regional Transportation Plan, funded by a half-cent sales tax approved by Maricopa County voters in 2004 through Proposition 400. MAG identified the need for this project to reduce travel times on I-10 during peak hours; improve airport access; support ridesharing and transit; and prepare the region for future growth projections. Learn more about the major improvements here.
